

REMARKS

Claims 1 and 11 are amended according to the Examiner's Amendment enclosed with the Notice of Allowance, mailed on July 22, 2008. Claim 3 is amended for accuracy. Basis can be found in the application as filed, e.g., Table 1.

New claims 12-14 are added. New claim 12 finds basis in claim 3 as allowed. New claim 12 is a subgenus of allowed claim 3 written in independent form, where R⁷ and R⁸ are hydrogen or methyl, R⁸ and R¹⁰ include the same groups recited in allowed claim 3 with the exception that they are not taken together with the nitrogen atom to which they are attached to form a ring, and R¹³ is hydrogen. New claim 13 depends on claim 12 and is directed to compounds where R⁷ and R⁸ are hydrogen and R² is aminosulfonyl. New claim 14 is directed to compound 123, which finds basis in allowed claim 11.

New claims 12 and 13 are directed to subgenera of subject matter that has been allowed as stated in the Notice of Allowance, mailed on July 22, 2008. Compound 123 is one of the compounds recited in allowed claim 11. As such, new claims 12-14 should also be allowed. Applicants thank the Examiner in advance for considering new claims 12-14. Applicants respectfully request entry of the proposed amendments to allowed claims 1-4 and 11 and allowance of new claims 12-14.

No new matter is introduced by this amendment.
